

A Recipe From *tikkido*

Cream Cheese Frosting

<https://tikkido.com/blog/cream-cheese-frosting-recipe>

Cream Cheese Frosting

- 2 pounds powdered sugar
- 8 ounces cream cheese, softened
- 1 stick (1/2 cup) butter, softened
- pinch salt
- 1 teaspoon vanilla
- 1-2 Tablespoons milk or cream (to thin the icing)

Instructions:

1. Place all ingredients except the milk (or cream) in a mixing bowl. Beat the ingredients together.
2. Add milk or cream, just a teaspoon or two at a time, and beat to incorporate well. Add enough liquid to thin the frosting to whatever consistency you need for your project.
