## Maple Bacon Popcorn

<https://tikkido.com/blog/maple-bacon-popcorn-recipe>

### Maple Bacon Popcorn

- 8 slices of bacon
- 6 Tablespoons butter
- 6 Tablespoons maple syrup
- 1/2 cup popcorn kernels
- sea salt to taste

### Instructions:

1. Slice the bacon into small pieces and cook until crispy in a frying pan.
2. Remove bacon from pan, but leave the rendered bacon grease.
3. Pop the popcorn kernels in the bacon grease (can add a Tablespoon or two of vegetable oil if not much bacon grease was rendered).
4. Brown butter in a small saucepan.
5. Add maple syrup to browned butter in the saucepan, and cook for 4 minutes, until the mixture thickens slightly.
6. Pour bacon bits in the maple and butter mixture and stir to coat, then pour over popcorn, and mix well to distribute.
