<https://tikkido.com/blog/creamy-feta-spread-recipe>

### Whipped Feta Spread Ingredients:

- 8 ounces feta cheese
- 1 Tablespoon lemon juice
- 1-2 teaspoons olive oil

### Instructions:

1. Blend the feta and lemon juice in a food processor. It will look like fine crumbs at this stage.
2. Add olive oil slowly while the food processor is still running. It doesn't take much for the feta to turn into a smooth, creamy, whipped feta spread.
