### Ingredients:

- 1 cup brown sugar, packed
- 1/2 cup light corn syrup
- 1 cup peanut butter
- 1/2 cup heavy cream
- 4 T butter (half a stick)
- 1 t vanilla
- pinch salt

### Instructions:

1. Place the brown sugar, butter, corn syrup, and salt in a small saucepan. Cook over medium heat and stir just until incorporated. Wait for the mixture to come to a boil (no stirring!).
2. When the mixture comes to a nice, frothy boil, turn the heat to low and add in the peanut butter. Stir to incorporate the peanut butter completely in the caramel mixture.
3. Add the heavy cream and vanilla, and stir until combined.
